

## Julian Greb, M. Sc.

---

PhD candidate (Chemistry)

Institute of Bioorganic Chemistry, Heinrich–Heine University Düsseldorf

Research Center Jülich, Stetternicher Forst, Build. 15.13, 52426 Jülich, Germany

Phone: +49 2461 611697, Email: j.greb@fz-juelich.de

## Education

---

- since 2016 Doctoral Studies in the group of Prof. Dr. Jörg Pietruszka  
Institute of Bioorganic Chemistry, Heinrich–Heine University Düsseldorf  
at the Research Center Jülich
- 2016 Master Thesis in the group of Prof. Michael C. Willis  
Department of Chemistry, University of Oxford  
» Sulfinyl amines as new and useful reagents for sulfoximine synthesis «
- 2014 Bachelor Thesis in the group of Prof. Dr. Vlada B. Urlacher  
Institute of Biochemistry, Heinrich–Heine University Düsseldorf  
» Characterization of enzymes for the synthesis of limonene-1,2-diol from  
limonene «
- 2011-2016 Bachelor and Master Studies in Biochemistry  
Heinrich–Heine University Düsseldorf
- 2011 Abitur

## Scholarships

---

- 2016 Full scholarship of the » Wolters–Vollhardt Stiftung «
- 2013-2016 Deutschlandstipendium » HHU – Chancen Nutzen «
